Calumet County Footcare Clinic Cost Increase

As a past consumer of our Foot Care Clinic, we are writing to inform you our rates will increase to \$40 per visit beginning on October 1.

Unfortunately, the cost of providing these services has increased. In order to continue providing these services, we must increase the rate as the services are not included in property taxes. We apologize for this inconvenience and hope you understand this was not a decision made lightly.

Thank you for your consideration.
